

Eco-Friendly Resort
BANNERGHATTA NATURE CAMP
Tariffs

Bannerghatta on the outskirts of Bangalore (25km), offers you all the sights, sounds and action of 25,000 acres of carefully preserved jungle. In the eco-proactive spirit of Jungle Lodges, we have created a Nature Camp - an ideal place for school children/ fresher to be moulded into future naturalists. Bannerghatta is where Karnataka Forest Department rehabilitated lions and tigers rescued from circuses (the largest number in India).

ACCOMMODATION

Bannerghatta Nature Camp has eight, neatly laid, luxurious, tented cottages – twin-bedded, Swiss tents with attached bathrooms. The camp has recently address two stilted log-huts to its accommodation. These huts are made of locally available logs and other material. With attached baths, these huts are well appointed and comfortable in every way. The Camp also has a tidy dormitory that can accommodate about 20 adults. This dormitory has bathrooms that need to be shared by the occupants.

FACILITIES

The Camp has a conference hall, fully geared with audio-visual equipment and multimedia projector. The hall can accommodate about 30 people, theatre style. The camp also has an open-to-sides, dining area called the Gol Ghar, a signature design component of Jungle Lodges and Resorts. The Gol Ghar, gives guests an experience that is very close to nature. Sometimes, the resident deer and sambar come very close to the Gol Ghar while guests dine.
